

# Discover the timeless charm of Rome

# About us

*Divo Nerone was born thanks to passion and experience of its members for tourism and hospitality, experience often gained through many trips around the world and with a strong desire to actively participate in welcoming tourists to the Eternal City.*

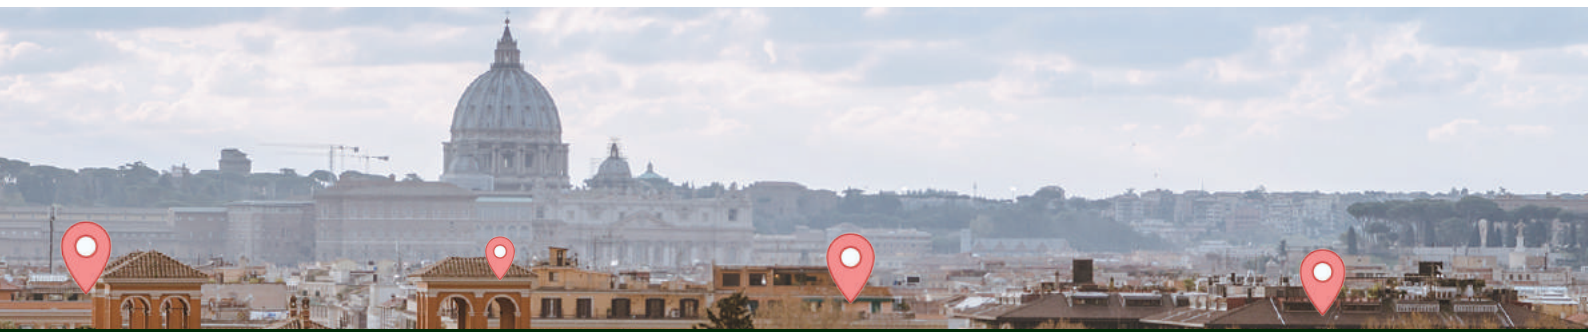

The inspiration to Nerone, a Roman emperor who has gone down in history for being accused of setting Rome on fire, is due to his multifaceted personality and because of his great passion for Rome, the arts and music. With such enthusiasm Divo Nerone takes care of the management of its properties with strong attention and punctuality and using

the name of “Domus” we want to give concrete the idea of making the guest feel at home!

Divo Nerone is, in addition, part of a system of enterprises, engaged in Italian incoming domain, like the sister company Maestro Discover Italy.

## A STAR-STUDED STAY

Divo Nerone has been in the hospitality business for years, and is constantly expanding, looking for new properties to acquire among guest houses and bed&breakfasts. We use different formulas but we always keep control of the conduction and product choices: direct ownership, facility management or renting. In each of these solutions, Divo Nerone pursues a unique vision: offering an adequate and consistent standard, strategic location

in the city center, a room layout and details that personalize the stay in its facilities, a continuous welcome and sharing with the guest. We discreetly accompany guest during the stay, to assist his needs or for choice of experience and complementary services.

## LIVING IN ROME A UNIQUE EXPERIENCE

To make the experience in Rome unique and personalized, Divo Nerone through some professional partners, provides guests with a wide selection of complementary services. Transfers from airports and stations by private car and multilingual drivers, a wide selection of quality restaurants, a range of excursions with multilingual guides, access to the entrances of the city's most important sites, tickets to theaters and cultural and sporting events.

Moreover, thanks to the collaboration with its sister company, Maestro Discover Italy, we can plan for guests any program in the beautiful country by car, train or plane: weekends in art cities, itineraries of flavors and taste in Italian regions, stays in seaside resorts.

## ROMA CAPUT MUNDI!
